Jarrell Mauck

# Lyon, Mauck Receive Scholarship Awards

For the second straight year Santa Ana College was a major winner in the annual participation in Bill of Rights Week.

This year Kyla Lyon and Jarrell Mauck split the \$250 scholarship awarded for second place in the contest. Miss Lyon and Mauck were co-chairmen of the committee which coordinated Bill of Rights Week Commemoration held during the week of Dec. 8-12.

Last year the Dons won the top award of \$500. The competition was so close this year between Santa Ana and Los Angeles City College that sponsors agreed to create a new \$250 second place

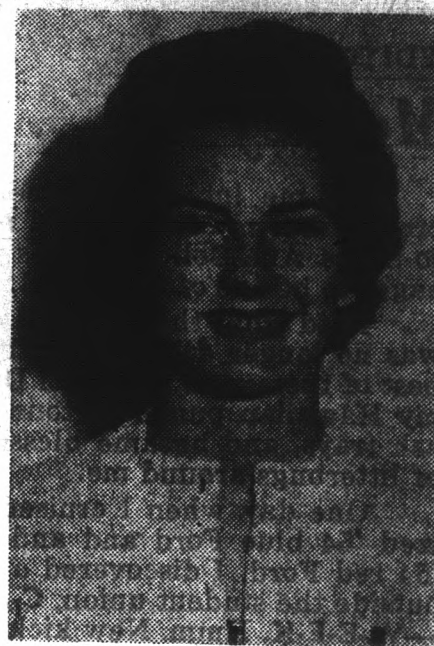

award, which went to SAC.

Joe Crail, Los Angeles Savings and Loan official who sponsors the annual competition, praised the massive SAC scrapbook which outlined how students and faculty participated with posters, essays, editorials, speeches to service clubs, mobile loud speakers, classroom talks in many schools throughout Orange County, side-walk interviews, college assemblies, and the distribution of thousands of copies of the Bill of Rights.

Ernest Crain, political science instructor and advisor for the program, traveled to Los Angeles

along with Miss Lyon and Mauck to accept the prize from Mr. Crail. Miss Lyon is presently A. S. vice president and Mauck is sophomore class president.

Campus clubs and many individuals joined together in the prize winning effort to familiarize more people with the history and significance of the Bill of Rights. Among those participating was the Vets Club who provided large framed copies of the Bill of Rights for every classroom on the campus. This was a project begun several years ago and as new classrooms were added they have provided additional copies and frames.

## Santa Ana College Hosts Sixth Annual Business Exposition

Students and faculty of Santa Ana College will be hosts to the industrial, business and education leaders of Orange County next week during the sixth annual Santa Ana College Business Show.

Thousands of visitors will attend the largest exposition of business machines, office equipment and electronic equipment in the southland to be held in Cook Gym from noon to 10 p.m. Tuesday and Wednesday.

On Tuesday noon an opening buffet luncheon will honor the college advisory committees in electronics, tool engineering, metal trades, automotive trades, and body and fender repair. The group will then tour the new technical center buildings.

Dr. Myron S. Olson, professor of distributive education at the University of Southern California,

will keynote the Tuesday afternoon assembly for 500 outstanding high school and college business students, and extra-curricular campus leaders. The program will open at 3 p.m. in Phillips Hall with the Don A.S. President Jerry Nims presiding.

The girls will attend a fashion and merchandising show presented by the Young Careerists from

Buffums, while the boys attend a vocational assembly. Panelists will be F. Martin Post, representing Allstate Insurance Co., and the Industrial group; Lee Brettin, manager of Vandermast's Clothiers, discussing retailing and selling business; and William Hart, County of Orange Personnel Director, covering the public service.

**PINSTRIPING FOR THE SHOW** — Freshman Den Jackson is sprucing up his '51 Ford pickup for the first campus car show sponsored by the Future Automotive Technicians Association which is to be held Tuesday.

— Photo by Reedy

## Luncheon Ends Week

A luncheon held today in the student union at noon will conclude the Religious Emphasis Week which began last Monday with a similar luncheon.

Today's luncheon will feature a talk on the Jewish Faith by Rabbi Aaron J. Toffield from Temple Beth Emet in Anaheim. Rabbi Toffield will be introduced by Jerry Brand.

Monday, Jerry Nims, A.S. president, introduced the week during the noon luncheon in the cafeteria. The speaker was Charles Walcott, Vice Chairman of the National Spiritual Assembly of the Baha'i World Faith who was introduced by Rodney Edwards, a member of the Religious Emphasis Week Committee.

Tuesday and Thursday, assemblies were held in Phillips Hall at 11:00. On Tuesday Lou Zamperini, former Olympic Mile Champion was the speaker and on Thursday Reverend Gary Demarest, Associate Executive Director of the Fellowship of Christian Athletes addressed the assembly.

## Chairman of Inter-Club Council Calls Special Meeting For Thursday at 11 a.m.

Kyla Lyon, Chairman of the Inter-Club Council, today announced that a special meeting of I.C.C. is being called for next Thursday at 11 a.m. in A6.

She urged that all member clubs be represented at the meeting at which time their participation in I.C.C. will be discussed, and remedial measures for unattendance announced.

The lack of interest and attendance of clubs in I.C.C. was one of the main topics discussed at the Executive Board Retreat in Idyllwild two weeks ago. Another thing brought out was that some interest clubs have their meetings at the same time as I.C.C., and are not always represented.

See page two for Miss Lyon's comments on the situation.

**"ONE MAN'S THEATER"** — Dr. Frank C. Baxter, USC lecturer and television speaker, will address a student and community audience March 17 in Phillips Hall as the third in the Artist Series sponsored by Santa Ana College.

— Staff Photo

## Dr. Frank C. Baxter Lectures At Phillips Hall Tuesday

By Den Jackson

Dr. Frank C. Baxter will lecture at Santa Ana College Tuesday, March 17, in the third program in conjunction with the college Artists' Series. He is nationally known as a television personality and professor of literature at the University of Southern California.

## Choir Entertains Disneylanders

On the performance agenda again was the Santa Ana College choir which it traveled to the Gourmet in Disneyland yesterday to sing for the Orange County Pharmaceutical Association.

The choir as a whole presented three songs: "O Worship the King," a religious song presented in the Religious Emphasis Week assembly Tuesday; "Vanka 'n' Vanka," a Russian hillbilly song; and "Polly Wolly Doodle," an American back-woods song.

After the presentation of the first song, various singing groups were on the program. The groups included a men's quartet, a women's trio, a mixed ensemble, an accordion solo and a sextet.

Dr. Baxter's busy schedule in television, both in science and literature programs coupled with his teaching responsibilities on the U.S.C. campus, gives him little time for lecture appearances.

"We are extremely fortunate in having such a prominent speaker on campus," related Sky Dunlap. "Baxter spoke at the college two years ago and a turn-away crowd is inevitable for his next talk on 'One Man's Theater' in Phillips Hall at 8:30 p.m."

Since a large student attendance is assured, tickets for the public are in limited supply, and are on sale for one dollar in the Phillips Hall box office. Students are admitted free by exchanging the A.S. ticket number for a reserved seat.

Students at the University of Southern California have been jamming Dr. Baxter's classes for several decades.

## FATA Presents Campus Car Show; Trophy Presentation Late Tuesday

The first annual Car Show sponsored by the SAC chapter of the Future Automotive Technicians Association is scheduled for next Tuesday from 8-5:30 on the Don campus.

The free car show will be opened to the public showing students work on modified, custom and other types of cars.

Trophies and merchandise will be awarded in six classes: moderate custom, semi-custom, street

coupe, street sedan, pick-up and sports car. The presentations will take place in the late afternoon.

Students interested in showing their cars should sign up at the auto shop; there is an entry fee of one dollar.

Instructors George Sweeney, Arlin Pirtle, Glen Larsen, and George Farrier are cooperating in

### SIGN UP TODAY

Sign up today for Tuesday's car show sponsored by the Automotive Technicians Association. Prizes and trophies will be awarded in the various divisions late Tuesday afternoon.

planning the Car Show. They have been supported by FATA members Dave Inman, Tom Kresol, Dave Bair and Bob Bellas. According to Tom Kresol everyone has worked hard on the project and all are urging every Don student to attend the exposition.

## EDITORIALS...

## Monkey See . . . . . Monkey Do

Let me introduce myself. My name is "Follow-the-crowd" but my friends call me Conformity. When I came to Santa Ana College, I was young and impressionable — eager to be one of the crowd.

I did what they did, all day every day, until finally I was no longer different. I flicked my cigarettes with the best of them, and let my El Dons drop when finished. I left my Hawaiian punch cartons on snack bar tables, ignored ash trays, and became blessedly nondescript in the mass of litterbugs around me.

One day when I cruised onto campus in my customized '54 blue Ford and and parked beside a customized '54 red Ford, I discovered a student tacking up a banner outside the student union. C-A-M-P-U-S—C-L-E-A-N—U-P—W-E-E-K. Hmm. New kick.

I went on inside, got a cup of coffee in a paper cup and came out to watch — I mean, people were looking. I looked too. When I finished my coffee I automatically dropped the cup from the limp hand that held it.

Suddenly I was face to face with an irate backer of The Cause who said belligerently, "Where's the trash can, buddy?"

"I give up," I answered in true Conformity fashion. "Where is the trash can?"

He took me by the hand and showed me, all the time give me this song an dance about "Keep Our Campus Clean" and "Why Don't You Pick Up Your Trash?" and "This Is Where Nasty Old Used Cigarettes Go" and Everybody's Doing It." That got me, I mean really.

What could I do? I conformed.

Next week has been scheduled by the Executive Board as Campus Cleanup Week. This program can be a success only if each of us does his part in the campaign. Follow the example set by your student leaders and friends: Clean up our campus. M.A.H.

## And Again We Say Ole'

Nice going, guys!

Though we don't often take time outside of cheering at basketball games to tell you how much we appreciate and like the team — especially a winning team — we would like to take this space to express that appreciation.

We feel that we voice the opinion of all the students on Santa Ana College campus in commending a good job well done. The unprecedented Eastern Conference basketball crown itself is a wonderful gift you have given our school. For this, many thanks. It will not be forgotten for many a moon — or year, for that matter.

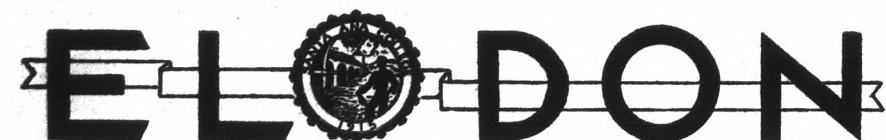

Now you are bound for bigger and better things, namely, the state basketball tournament. With the support from the student body and community that you deserve, we feel that you have a tremendous chance of taking a still bigger crown. We realize that we need not remind you of the importance of the games coming up next week — but perhaps we should say something to boost the spirit surrounding those events.

Students — faculty — everyone connected with SAC: this is perhaps the biggest thing that has happened in sports since the founding of our institution of higher learning in 1915. Do all you can in backing the team at these games, and up until the time they are played.

Our basketball team needs the suggester spirit behind them, just as you need them to win the game for the school. Go to the games. Attend the rallies. Back your team.

We'll be there too.

## Students Retreat; Much Completed

By Maxine Harris

Student leaders and faculty advisors attending the three-day retreat at Idyllwild had time for both recreation and fruitful discussion on campus problems.

Expansion of the Student Union was one of their first topics. Two plans were presented, and the group tentatively approved the second. By that plan the new bookstore would be added off the lounge with adjoining business and executive board offices.

Student participation in the Artist Series, plays and assemblies was also discussed. Ticket sales by service clubs for the night events was advocated, with most campus-side emphasis on group attendance. It was suggested that clubs receive up to half of the amount of ticket sales for their aid.

At Tuesday's Board meeting a motion was passed changing play admissions for students with A. S. cards to free on opening night and 50 cents on succeeding nights. Artist Series admission is free

with A. S. cards.

Club activity in I.C.C. was discussed, and methods for standing rule enforcement were suggested. A special I.C.C. meeting is being called Thursday at 11 a.m. to bring the problem before the club representatives.

Another controversial topic was the terms of Student officers. A committee was appointed to contact other E. C. schools for their policies on A. S. offices. Some of these schools have year terms while others have programs similar to SAC.

The discussions ended in a general "brainstorming" session on campus improvements.

## DO ACCORDIANISTS RUN IN THE CRAEMER FAMILY?

It's not enough that Vi Craemer has to be the family accordianist. All three of her sisters have played the accordian at one time or another.

Vi took up the accordian almost four years ago as a hobby and be-

playing ability, but "now I'd give anything to be able to teach again," she mused. "I don't think I'll ever find money that good again."

A chemistry major, she plans to make her vocation teaching mathematics. When asked why she chose math in place of music, she commented, "There's more of a demand for math teachers." Her main goal at the present is to attend UCLA.

Vi has had many opportunities to make public performances. One of her most memorable showings was at the Accordian Festival in Long Beach in 1956 where she was a princess. Others include a solo performance at the Irvine Coast Country Club where she played "Rhapsody in Blue." Her most recent performance was yesterday at the Gourmet at Disneyland playing "Sparkling." She was the only soloist featured during the program.

At times, she has played duets with her sisters; and when taking lessons, she participated in the Studio Band.

Practice is a hit-or-miss affair with all the other activities and school work thrown into Vi's schedule. She somehow manages to work in an hour a day somewhere.

Vi feels that her music has helped her greatly and that she will have something to fall back on if she ever needs extra money by doing some part time teaching.

Vi Craemer  
... accordianist

came quite a musician, to the extent of teaching "squeeze box" lessons for two years. At first she was unsure of her teaching and

## Candid Campus

BY JUDY NORTON

## COLLEGE PLAYERS

A new member of the Don campus, Val Sage, has been elected president of the College Players.

Other officers for the drama club include Maxine Harris, vice-president; Mary Sullivan, secretary; and Greg Dallaire, treasurer. Greg was almost put up for secretary of the club, but adviser Mr. Lee Ford wanted to make certain that he got plenty of practice at treasurer's work.

At present the center of interest among the members is the redecoration of the Green Room, or lounge for the drama department. Coffee tables and rugs will be added, plus a new coat of paint.

## LAS DONCELLAS

Newly elected officers for Las Doncellas are Luana Schmutte, president; Maxine Harris, vice-president; and Judy D. Lewis, secretary-treasurer.

Applications for membership in the women's honorary service club may be obtained in the Dean's office, ADM 7.

To be eligible, a co-ed must be a second semester freshman at this college, be recommended by faculty advisors and approved by the majority of members. In addition, she must hold an A. S. card, be carrying at least 10½ units, and have a "C" average or better.

When the application is taken out, faculty advisors sign it as their recommendation.

Applications must be returned by this afternoon to ADM 7.

## NEWMAN CLUB

Newman Club has the beginnings of a literary newspaper in the fire. The first edition will be mostly a religious paper in honor of Religious Emphasis Week. The remaining issues will consist of contributions from student writers.

They plan to publish alternately with El Don. On the schedule when El Don comes out weekly, editor Rolando Cuervo laughed and said, "We will hide during those weeks."

Newman Club sponsored Tom Laughlin, speaker at the Wednesday luncheon for Religious Emphasis Week. Also, Jon Diégel of the club, was a panel member at the luncheon yesterday, speaking on the various religions.

## BETA PHI GAMMA

Five SAC students have been selected to join Beta Phi Gamma, national honorary journalistic fraternity.

Those selected are Bob Matthews, Earle Truax, Dolores Russell, Judy Norton, and Bob Schlice.

Requirements include a major staff position, accumulative "C" average, and a "B" average in all journalism subjects.

## We Get Letters...

Dear Editor,

A serious situation has arisen concerning the promotion of school events at Santa Ana College.

On our recent student government retreat, this problem was discussed at some length. The crux of the situation was seen to lie in the club participation end of the Inter-Club Council.

Clubs have not been attending I.C.C. meetings, and action will be taken on these clubs which miss two consecutive meetings.

In an effort to promote school activities, clubs will be undertaking ticket selling to different events and for this will receive 1/2 of the profits plus points toward the I.C.C. trophy. Many activities have been planned for the enjoyment of the student body this semester and we need participation to make them a success.

Each and everyone of you get behind your clubs and support Santa Ana College!

## SAC JOURNALISTS TO U. REDLANDS

Virgil Pinkkey, publisher and national radio commentator, and Virgil Partch, better known as VIP the nationally famous cartoonist, will address the Califor-

nia Intercollegiate Press Conference at Redlands University today and tomorrow.

The convention program will take place at the Arrowhead Spring Hotel on Friday and at the University of Redlands campus Saturday.

Delegates from Junior Colleges throughout the state will attend the conference. Representing Santa Ana will be advisor Carl Venstrom, and students Don Andersen, Maxine Harris, Dolores Russell, Carol Smith, Bob Schlice, Mike Reedy and Den Jackson.

They will attend a banquet and dance tonight after their arrival, and will take in a luncheon and banquet tomorrow as well as writing contests and round-table discussions.

Sky Dunlap, state president of the Journalism Association of Junior Colleges, Dr. Esther Davis, southern president, of Los Angeles Valley Junior College, and John Gother, northern president, of Oakland City College, were the key personnel in planning the convention.

**DR. MYRON S. OLSON** — professor of education at USC and nationally-famed authority on distributive education, will outline the vocational opportunities in business and industry for the assembly program on Tuesday, March 10, at the sixth annual Business and Industry Days at SAC. The talk will be delivered at 11 a.m. in Phillips Hall; all students are invited to attend.

## COED'S HOLD MARDI GRAS

Saturday night saw the Dons campus switch from the usual dating arrangement to girl-ask-boy at the annual Coed Dance sponsored by the Associated Women's Students.

The Student Union was decorated in a Mardi Gras theme for the occasion with balloons and streamers suspended from the ceiling. Providing music for the affair was the campus dance band.

Most of the girls took their dates out to dinner before the dance which started at 9 p.m.

A. W. S. President Sharon Laporte was general chairman for the affair, aided by her 10-member board. Thirty-one tickets were sold in advance for the dance.

## Costume Class To Show Attire

Monday night three members of the SAC costuming class and three other interested students will present a costume show for the Little Theater Guild of Santa Ana.

The show will consist of costumes from various plays that have been presented through the years here, and will range from Greek to early Gothic to modern.

Participating in the costume fashion show will be Mary Sullivan, Mona Haworth, Dixie Nelson, Owen Gallogly, Dolores Russell and Maxine Harris. Commentator will be Mrs. Betty Dayton, drama and costuming instructor.

## Physical Education Show Begins Today

Physical education students and faculty are invited to the first annual Orange County Athletic Equipment Show in Cook Gymnasium from noon today until nine tonight, and from 9 a.m. until noon tomorrow.

Displays by equipment manufacturers will show physical education, athletic, recreation and sports equipment.

# Campus Cleanup Week To Begin Mon; Coordinated By Freshman Officers

By Bob Schlice

Santa Ana College Campus will go through the throes of another annual campus cleanup week from March 9 through March 13, under the direction of a committee consisting of Freshman Class President Judy Norton, Freshman Class Vice-President Linda Bright, and Freshman Class Sec.-Treas. Barbara Newman, headed by Dick Unwin A.S.B. Commissioner of special activities.

The event is an annual affair at SAC to emphasize the need for more cleanliness on the part of the students to keep our grounds and facilities up to the high standard that they deserve, with special emphasis on the Student Union, cafeteria, and lounge, which are generally the eyesores of the campus.

The committee hopes to make this one of the most successful of

the cleanup campaigns in the history of the school, and with a little cooperation on the part of everybody on campus they might just fool everybody and succeed in their plans. In the past the plans for the campaigns have been some of the most elaborate conglomerations of ideas that have ever been devised by the student mind. Needless to say, the results have been nearly nil. This year the plan calls for setting of a good example by the committee and the board, with the placing of additional trash receptacles on the campus. For all its simplicity it will probably be the one that has been needed in the past.

But even then it is going to call for the cooperation of everybody on the grounds, to make this campus look like a clean one, and not a storing place for dead cigarette butts, candy bar papers,

empty paper cups and the rest of the material that goes to make up the scenery here now.

## Knights Elect Two Members

Freshman John Beall and Bill Mott were recently elected to the Knights, a mens honorary service club limited to 12 members.

Beall is a second semester freshman who is presently seen on stage introducing the assembly programs in his job as Associated Students Assembly Commissioner.

Besides playing quarterback on the Don football team last fall Bill Mott has been leading cheers at all of the basketball games in recent weeks.

## Baseballers Wind Up Non-Loop Slate; Open Conference Title Chase Tuesday

Coach Cliff Rothrock's Don baseball club wound up its pre-conference schedule this week and is now looking forward to the opening of the Eastern Conference race against San Bernardino here next Tuesday.

The Dons finished the pre-league slate with one win, three losses, and a tie.

Cerritos College of the Western States League handed the Dons their third loss last Wednesday by a 12-4 count. Cerritos also holds impressive wins over Fullerton, Chaffey, Mt. San Antonio, and Citrus from the EC. Following last Wednesday's game the Cerritos coach related to Rothrock that the Dons club is probably one of the toughest clubs that his teams has faced and that the Dons should make a good showing in the EC race.

A busy schedule is in store for the baseballers for the next three weeks as they follow their EC opener with a trip to the Citrus Tournament March 19-21 and then take a barnstorming tour of the Southland during Spring Vacation playing games in San Diego, Palomar, and in the Phoenix area.

Santa Ana's best outing of the young season came last week when the Dons battled the highly touted University of Southern California Spartans to a 5-5 tie. The Spartans are the second team at SAC and last year scored a 29-2 win over SAC.

El Don led throughout most of the Spartan contest but a two-run SC rally in the last inning tied the count at 5 all. Gary Sawyer led

the Dons attack with two hits. Sawyer has been the leading Don sticker thus far having knocked two round trippers in the Dons' first five games.

## Softball, Ping Pong, and Badminton Next On Intramural Slate

With intramural basketball well underway, coordinators Ron Johnson and Ken Purcell have begun planning schedules for badminton, softball, and ping pong tournaments.

All three sports will be available from 11:00 a.m. until 1:00 p.m. on Tuesdays and Thursdays immediately following basketball season.

A two week practice schedule will precede tournaments for each of the three sports. Trophies will go to winning individuals and teams.

Rosters and entry sheets are available now from either Johnson, Purcell or Coach Stan Hayden. El Don will carry a story as to when the tournaments will officially get under way.

## Clark Breaks U. S. Record

"Charley is doing things now, early in the year, that he couldn't do at the end of last season when he was in top form."

So said John Ward, Santa Ana College track coach, of SAC's greatest distance runner of all time, Charley Clark.

Clark won the Southern California Junior College Distance Championship at the end of cross country season, with a record time of 15:05.9 and just last week unofficially set the national Junior College record for the mile.

Charley romped home in a time of 4:12.7 in the last leg of a relay race in the Dons' first track meet of the season against Harbor College last week.

Coach Ward's 1959 track squad opened its Eastern Conference season yesterday on Don Field.

Clark supposedly took it easy

John Ward  
(Don track coach)

in yesterday's meet saving himself for the AAU Track Championship races tomorrow in Los Angeles. He will be the only Don entered.

## Dons Wrestle in EC Today; Prep for State Next Week

Approximately 15 Junior College wrestling teams throughout the state are preparing for the First Annual California Junior College Wrestling Tournament scheduled for March 13-14 at Santa Ana College.

Don Coach George Farrier, chairman of the event, expects some 150 grapplers to enter the first-ever tourney to be held in Bill Cook Gym.

One of the unique factors will be the pitting of the Southland's powers, San Bernardino and El Camino, who battled to a 16-14 decision, going in favor of El Camino, during the regular season.

Today, the Don wrestling team is at Chaffey College in Ontario for the Eastern Conference championship. San Bernardino is the favorite to win the team championship, while Santa Ana and Orange Coast will be grappling for the runner-up spot.

The most highly favored Dons to snag individual championships in their respective divisions will be Joe Mitzel and team captain Bob Matthews.

Mitzel, tipping the scales at 147 pounds has won four matches while dropping only one. His loss was to El Camino. Joe missed one

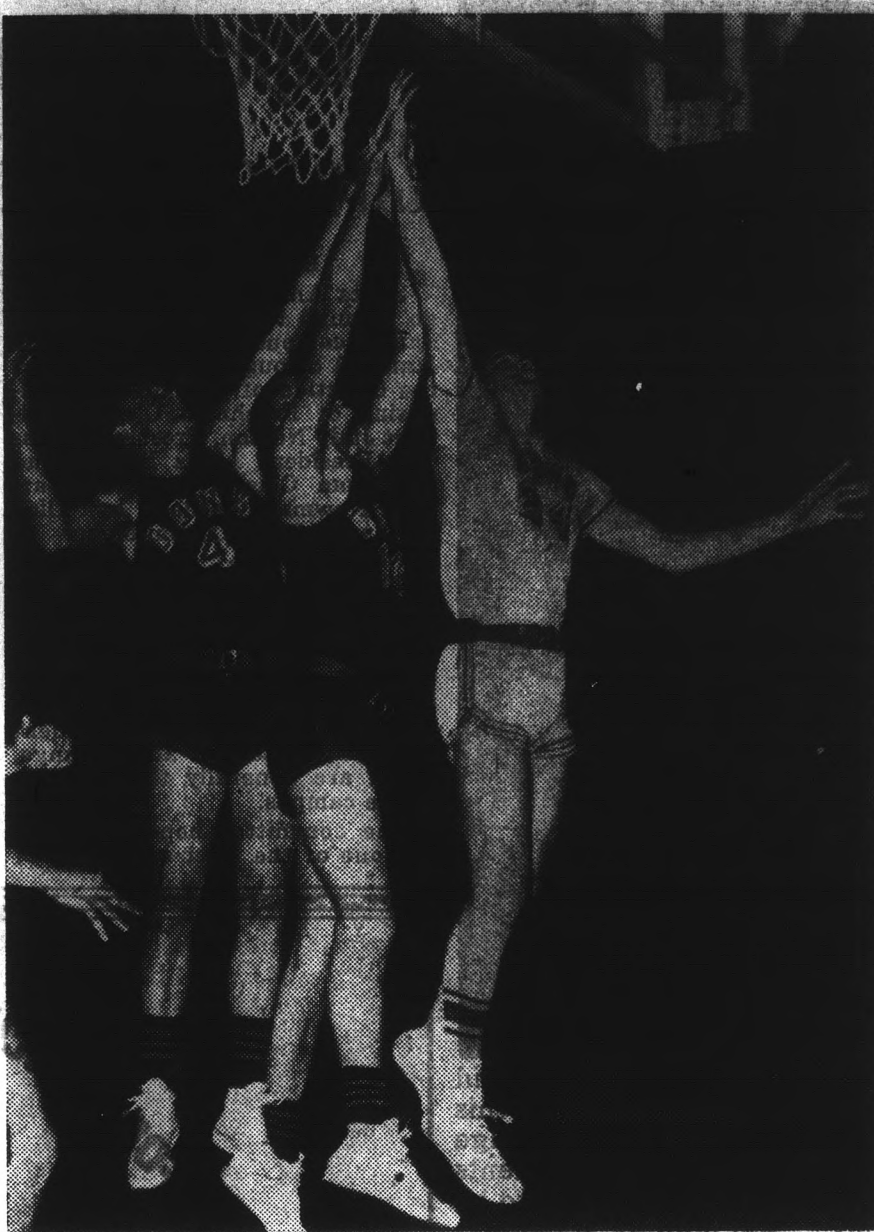

match due to illness during the season.

Matthews, in the 167 pound slot, also won four matches in comparison with two defeats. He was beaten by Chaffey in the initial match of the season and by San Bernardino last week.

The Keith brothers, Joe and Larry, are also favored to be in the high standings today. Both have wrestled below their actual weight throughout the season. Joe will be wrestling at 130 and Larry at 123.

## Basketballers Work Lightly to Avoid Rustiness for State

With the opening of the State JC Basketball Tournament still nearly a week away, the Dons, newly crowned champions of the Eastern Conference, worked only lightly this past week so as not to get rusty prior to the opening of the tournament.

Coach Bob Boyd's crew now boasting a 24-6 record will meet College of Marin, champions of the Golden Valley Conference, in the opening round of the tourney on Thursday, March 12. The semi-finals will be played March 13 and the finals on Saturday March 14.

El Don showed the rest of the Eastern Conference why they copped the loop title when they romped to a 91-62 win over the

EC all-stars last Friday in Bill Cook Gym. The Dons piled up a 48-28 halftime lead and coasted to the victory.

While Ray Butler and Dave White, the one-two punch of the champs, were halted, Paul Collier and Jon Brettman took up the slack. Collier notched 21 points and Brettman 19. Butler had 5 and White 3.

Good news came this past week when Gary Davis, first string center early in the year, was given the green light by the doctor and will probably see some action in the State Meet. Davis had a knee injury that kept him out of action for better than half the season.

Tickets for the State Tournament will be on sale the night of the game at the Long Beach City College gym. Prices are \$1.00 for adults and \$.50 for students with student cards.

## Guadalajara Summer School

Sponsored by the University of Arizona in co-operation with professors from Stanford University, University of California, and Guadalajara, Mexico, June 29 to August 7, courses in art, folklore, geography, history, language, and literature. \$233 covers tuition, board and room. For more information, please write to Professor Juan B. Rael, Box K, Stanford University, Calif.

## Spotlight on Sports

By Don Andersen

It looks like the Dons got a good draw in the pairings of the State Basketball Tournament. By a good draw we mean that the Dons cannot possibly meet Hancock College until the finals, if both teams get that far.

Hancock will probably go into the tourney as favorites. The Hancock club scored a 72-64 win over the Dons in the final round of the SAC tournament in December.

The only other school that may go into the tourney as a favorite will be the host Long Beach City College, if the Vikings get past Bakersfield in a playoff tonight. The two clubs tied for first place in the Metropolitan Conference. Long Beach won the State title last season.

Here's the first round pairings: Metropolitan Conference vs. Allan Hancock College  
Palomar College vs. Big Eight Conference  
Santa Ana College vs. College of Marin  
Ventura College vs. Coast Conference

Winners in the conferences mentioned above have not been decided and will not be known until after tonight. In the Coast Conference Monterey Peninsula College leads with an 8-1 mark, but San Jose City is 7-2 and in the Big Eight, City College of San Francisco and Contra Costa College are tied.

Radio KWIZ will broadcast all the Santa Ana games in the State Tournament. Jack Boettner and myself will be at mike side. I'll be filling in for sports director Gus Grebe, who will be on his way to Florida for a two week stay as guest of the Los Angeles Dodgers in Vero Beach.

## Golfers Open Season With Berdoo Win

Santa Ana College's golf squad opened the season last Monday afternoon with a 20-10 win over San Bernardino at Mesa Verde Country Club.

San Bernardino and the Dons are expected to be the class of the league and with the Dons' convincing win, SAC will be tabbed as the team to beat from here on out.

Dave Adams was medalist for the host club with a par 71 although he lost his match. Other Santa Ana scores included Bill Hammond 77, Walt Wilson 78, Jim Longtin 72, Don Andersen 80 and Don Hamilton 83. Hammond, Wilson, Andersen, and Hamilton won their individual matches.

The Dons meet Riverside and Fullerton in a quadrangular meet next Monday over the new Mesa Verde layout.
